Commissioners Weakening on the Burroughs Case.

HURLEY WANTS COSTS PAID

The Expenses of Going to the Suprem Court Will Probably Be Paul by the City.

"The fire in the Michigan Barrel company's lumber yard was doubtless the work of an incendiary," was the report of Marshal Lemoin. He thought no men in the department earned their month's salary in that one fire. The men had to work on the tops of icy lumber piles for hours at a time. It took two hours and a half to gain control of the fire, and it took about twelve hours to extinguish it. Commissioner Bender smoked a fine Hamasioner Without Company as guardian invalid and that if the original order was illegal upon technical grounds, then the appointment was suit pending to be ing the report. Commissioner Withey was also smoking. President Leitelt and Commissioner Loettgert were very attentive and asked questions. The marshal complained that the city had closed Erie street and Huron street so that the Bissell factory and several other large buildings are left in bad condition if a fire should break out in that quarter. Erie street is closed by a break in a tail race and the city had ordered a sewer placed in Huron street. The only way to get back of the canal was at Bridge street and at Lyon street. attentive and asked questions. The Lyon street.

Superintendent Eastman reported that the case of Burroughs vs. Lieut. Hurley had gone to the supreme court, and the costs were \$70. He asked that Mr. Hurley be reimbursed for the amount. A long talk followed, and the matter was referred to the committee on finance.

The board discussed the advisability of discontinuing the suit against Mr. Burronghs, and it is likely the case will never come to trial.

THE BEST PLASTER .- Dampeu a piece of flannel with Chamberlain's Pain Balm and bind it on over the seat of pain. It is better than any plaster. When the lungs are sore such an application on the chest and another on the back, between the shoulder blades, will often prevent pneumonia.
